

Asset Preservation Advisors and COVID-19

We hope everyone had a safe and healthy weekend. With the continued spread and uncertainty surrounding the coronavirus (COVID-19), we wanted to share an update on how we are responding. In an effort to protect our staff and our communities, and in accordance with the recommendation from the U.S. Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO), APA has implemented a social distancing plan for our employees, utilizing our offices as well as remote locations. Our firm is fully prepared with secure remote technology, should it be necessary to close our offices in the coming weeks. The seamless management and security of your clients' portfolios is a top priority for us. Each APA team member will be available for calls and portfolio reviews when needed, either from our office or their individual locations. Rest assured, our trading, credit, and operations teams will be working diligently on the management of your clients' Municipal Bond Portfolios. Below you will find a list of employee contacts. Please know that we are all here to help you and your clients through this unprecedented event and will continue to provide the high-quality service to which you are accustomed.
